Closing Procedures Checklist Overview

The closure of any school is difficult for all school stakeholders, particularly students, families, and school staff. This process can also adversely impact the community in which the school is located. A charter school may close voluntarily, through non-renewal, or through revocation. The decision of the Board of Regents (Regents) to close a charter school is based on many factors, including a school's inability to meet renewal standards that are typically reflected within academic, organizational, and/or financial goals in a school's charter contract and the [Charter School Performance Framework](#). When making such a determination, the Regents do not make it lightly and are committed to working with the closing school and the district of residence to help students identify high-quality educational alternatives.

The primary purpose of this *Closing Procedures Guide and Checklist for New York State Charter Schools Authorized by the Board of Regents* (checklist) is to provide guidance to both New York State Education Department Charter School Office (NYSED) staff and charter school leadership in order to ensure the orderly closure of a Regents-authorized charter school after a school closure has been determined by the Board of Regents¹ (as required by the school's charter).² **Please note that closing charter schools are responsible for completing all actions in the checklist in accordance with their charter contracts and public responsibilities.** The appendices to the checklist also include template notification documents to support the school's efficient protocols and processes. They include the Sample Parent Letter, Sample Staff Letter, and Sample Press Release.

NYSED and the Regents work to help closing charter schools protect the best interests of families and staff with a focus on the continued education of all students enrolled in the charter school until the last previously scheduled day of instruction as well as assisting successful transitions for all parties involved. An emphasis is placed on ensuring that the resources and assets of the closing school are protected in the best interest of taxpayers, the school community, and that funds are allocated in a fiscally sound manner. School funds must be allocated pursuant to previously planned budgetary projections and assumptions in addition to being used to carry out the tasks in the checklist below. School stakeholders must be notified immediately of an impending closure so that they are able to gain access to options aligned with their individual needs. Additionally, as independent nonprofit organizations, charter schools must manage varying aspects of dissolution of the organization in order to adequately prepare for, and adhere to, legal and statutory requirements. These and other important closure-related actions are outlined in this checklist. Both NYSED and the closing school must address the concerns of many different stakeholders throughout the closure process, including school employees, building landlords, creditors, and – most importantly – students and families. It is essential to focus on ensuring that every student is placed in an appropriate educational setting, while also managing the operational aspects of school closure.

The Charter School Office will work closely with school leadership and board members to leverage resources and coordinate both academic and operational transition tasks. A liaison between the Charter School Office and the school will schedule recurring calls to discuss progress toward completing the action items in the checklist. These calls may be as frequent as weekly, particularly at the start of the closure process. This collaboration will help ensure that student records are handled appropriately, families are educated about educational choices, and partnerships are forged with the local education community to facilitate student transfers.

A number of the tasks listed throughout the checklist represent actions that have proven successful during past charter school closings. Though some tasks are not required by statute, they are meant to provide support and technical guidance to charter schools as they embark on critical closure functions to

¹ Board of Regents can terminate or revoke a school's charter in accordance with Section 2855 of the Education Law or by mutual agreement between the school and the Board of Regents.

² The Appendix also includes template notification documents to support efficient protocols and processes. For schools, these include a Sample Parent Letter, Sample Staff Letter, and Sample Press Release. For NYSED staff, these include a Notification of Waiver/Watch/Probation and Notification of Revocation.

help ensure effective transitioning for students and staff. **Other tasks *are* required by federal and state statute. Such tasks must be finalized by the date listed in the Completion Date column in the checklist.** These and other actions are monitored by Charter School Office staff and can include, but are not limited to:

- Maintenance of Location and Communication: NY Education Law §220(5)
- Transfer of Student Records: NY Education Law § 2851(2)(t); Charter Agreement; NY Education Law §219(4)
- Inventory: NY Education Law §220(1)
- Disposition of Property: NY Education Law §220

Timing of Closure Activities

As noted above, many of the tasks included in the Checklist are considered urgent and must take place within days of the final action to close the charter school whether this final action is undertaken by the school's board or the New York State Board of Regents. Other actions will be ongoing until the school closure is complete. The checklist maps the timing of activities. Several activities are ongoing, including the critical requirement that the board of trustees continue to communicate closely with the authorizer and provide advance copies of materials for board meetings (including agendas, financials, minutes, supporting documents, etc.). The key categories of tasks are summarized below, and fully detailed in the checklist that immediately follows.

1. **Immediate tasks** (Immediately and up to 1 week following the final action to close the school): A transition team dedicated to ensuring the smooth transition of students and staff, and to close down the school's business should be formed to complete urgent tasks immediately. This team is populated by NYSED staff, and board and staff members of the closing charter school. The transition team will prioritize notification of the public and school community, convening meetings with families and staff, and clarifying communication protocols and expectations through the completion of the closing process. Engaging key school stakeholders in this process will help increase trust within the school community. This collaboration will also help encourage families to take advantage of available transitional services.³ Parents and faculty will receive a detailed transition letter. External state and local agencies will receive notifications, as will unions for schools with collective bargaining units.
2. **Ongoing activities** (Through completion of the closure process): Some activities require ongoing maintenance of effort and attention by trustees and school staff. The transition team will ensure instruction continues through closure, provide support for families seeking placement options, and ensure appropriate use of dissolution funds.
3. **Pre-closure tasks** (Within 45 days): These consist of significant priority tasks essential to high-quality and on-time dissolution. Action items include notification of potential creditors, debtors, contractors, vendors, and management companies, if applicable.
4. **Post-closure tasks** (Within one week to 120 days after the last day of instruction): Dissolution tasks during this period after the end of instruction include extensive financial reporting (including a closeout audit), transfer of student records, notification of final report cards, and formal document records transfer. The closing school board chair is responsible for the disposition of records, including (but not limited to) financial documents, contracts, assets, and grants. The school leader is accountable for ensuring that student records are up-to-date and complete and that all records are transferred appropriately. Provisions for the closing school to maintain all school records, including financial and attendance records, should reflect the timelines outlined in the checklist. The Charter School Office should notify the closing charter school of any outstanding liabilities owed to the state. These may include overpayment of apportionments and/or unpaid revolving fund loans or grants. If the Regents believe that the school received state funding for which it was not eligible, the Charter School Office may request an audit conducted by the Office of the New York State Comptroller, or the Office of the New York City Comptroller.

Questions regarding the timing of all activities should be discussed with the NYSED Charter School Office liaison assigned to work with the closing school.

Note: NYSED will only accept electronic copies of records. Hard copies will not be accepted.

³ Transitional services can include, but are not limited to, providing written materials in relevant home languages, hosting school choice fairs, offering meetings that accommodate working parents, providing access to a consistent point of contact to answer questions, oversight of operational and fiscal closure activities, and, ultimately, ensuring that every student is enrolled in an appropriate school.

APPENDIX C: Sample Press Release

For Immediate Release: RELEASE DATE

**Accountability Continues at the Board of Regents DATE Meeting
The Regents Vote Not to Renew CHARTER SCHOOL NAME.
CHARTER SCHOOL NAME to Close DATE.**

Albany, New York. During the Board of Regents' DATE meeting, upon the recommendation of the New York State Education Department's (NYSED) Charter School Office and confirmation by the [CHARTER SCHOOL RENEWAL COMMITTEE], the Board of Regents voted unanimously today to deny the application for charter renewal submitted by the CHARTER SCHOOL NAME. This decision means that the CHARTER SCHOOL NAME will close DATE at the end of the current school year. The Charter School Office, NYSED's [CHARTER RENEWAL COMMITTEE], and the full Board of Regents were unable to find that the school had posted evidence of success necessary to earn renewal under NYSED's charter contract with CHARTER SCHOOL NAME. Prior to the Board's "final and irrevocable" vote, the school was afforded all avenues of appeal available in statute and [BOARD OF REGENTS POLICY NAME].

Based on the review of evidence gathered over the XX-year term of the charter, during the renewal site visit, the school's application for charter renewal, and through appeals, the Board of Regents was not able to identify findings required under New York State Statute to renew CHARTER SCHOOL NAME's charter contract. Statute requires the Board of Regents to make an explicit finding that the school was likely to improve student achievement and be operated in an educationally sound manner. Based upon the renewal report submitted by NYSED's Charter School Office, the Board of Regents, instead, found [INSERT FINDINGS HERE, e.g., that the educational program, leadership, and governance at the school did not post sufficient academic results, or qualitative evidence to indicate the school would meet, or come close to meeting, the Performance Framework goals included in its charter contract. The school did (NOT) operate in a fiscally, legally, and regulatory sound manner]. Therefore, NYSED's [CHARTER RENEWAL COMMITTEE] voted on DATE to recommend the full Board of Regents deny the school's application for renewal.

The Charter School Office recommendation to the Board of Regents, Regents' policies, and other pertinent information is available online at WEBSITE URL. The Charter School Office will hold an information meeting for CHARTER SCHOOL NAME families on DATE. Charter School Office staff will provide families information on other public school choice options available to students and explain the transition of student records and other pertinent information at that time.

Information on alternative placements for students currently enrolled in XXX Charter School can be found by contacting the student's district of residence or charter school in the area.
